REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Since 1949, Ebinport Elementary School has provided a high quality education to the children of Rock Hill. The Ebinport Elementary School community was formed by combining the Ebenezer, India Hook, and Newport communities. Ebinport is located within the city limits and has a diverse student population. Ebinport currently serves 471 students in grades K-5. The 2007-2008 school year brought a change of administration (principal) to Ebinport. This change of administration also influenced the make-up and focus of the School Improvement Council.

Using MAPS and PACT data, as well as student data related to reading progress, the school administration and School Improvement Council set goals for the year based on the most pressing student needs. Because Ebinport received Title 1 funding for a second year, opportunities to address student needs were expanded using available financial resources. Goals set for the year revolved around increasing science achievement, tutoring for students struggling in math as well as reading, and raising the achievement of underperforming students. The following goals were established for the 2007-2008 school year: To increase Ebinport's level of student achievement in science on the PACT assessment, to increase the student achievement levels of our underachieving students in all tested areas, and to increase the number of students scoring in the proficient and advanced levels in reading and math on the PACT test administered in May. To improve science achievement, teachers developed a curriculum map to address science standards throughout the year. Our program teacher worked with each teacher to evaluate teacher progress on the curriculum maps and monitored science assessment pieces and student mastery levels. For our underachieving students, we were able to utilize Title 1 funding to hire instructional tutors, offer before school technology based instruction in reading and math, and purchase interactive software and Promethean boards to enhance all content area instruction. Reading Recovery teachers were also paid through Title 1 to target below grade level readers for rapid instruction and improvement.

Ebinport Elementary continues to strive to offer the best learning environment for our students and families. The School Improvement Council also set goals to promote a litter free school environment, enhance media center holdings in conjunction with our parent/ teacher organization, and provide additional resources for the academic, physical, social, and emotional needs of our students
